Summerhouse

Clifftop panoramic elegance meets indoor-outdoor versatility, built directly into the dunes for a seamless all-weather boho celebration.

OUR VENUES

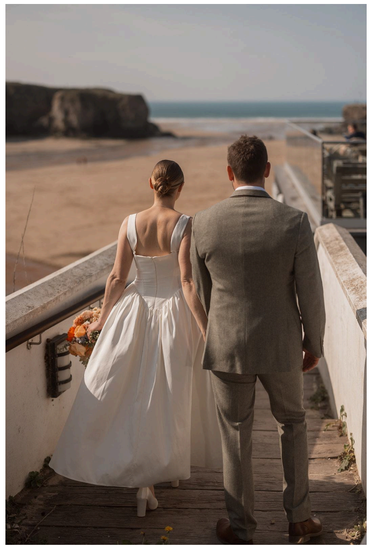

Summerhouse

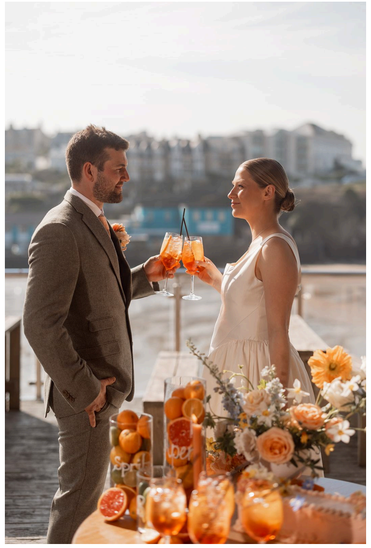

Set against the backdrop of the world famous Perranporth Beach, Summerhouse is an incredible venue for an unforgettable day. Get married with a panoramic beach view, dine as the tide comes over the sand and finish your special day watching the sun set over the waves.

Add a little Cornish charm to your wedding day, with venue hire available for half or full days. Summerhouse is the complete and perfect setting for your celebrancy, wedding feast and evening party.

Step outside onto the balcony, running the entire length of the restaurant, to enjoy a drink and have your pictures taken with views stretching along the beach and out to sea.

Alcatraz

A historically unique, cliff-side WWII gun shelter transformed into an intimate, exclusive sunset cocktail terrace for smaller, wilder crowds.

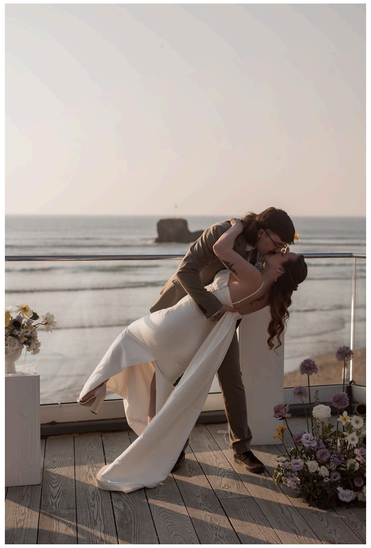

OUR VENUES

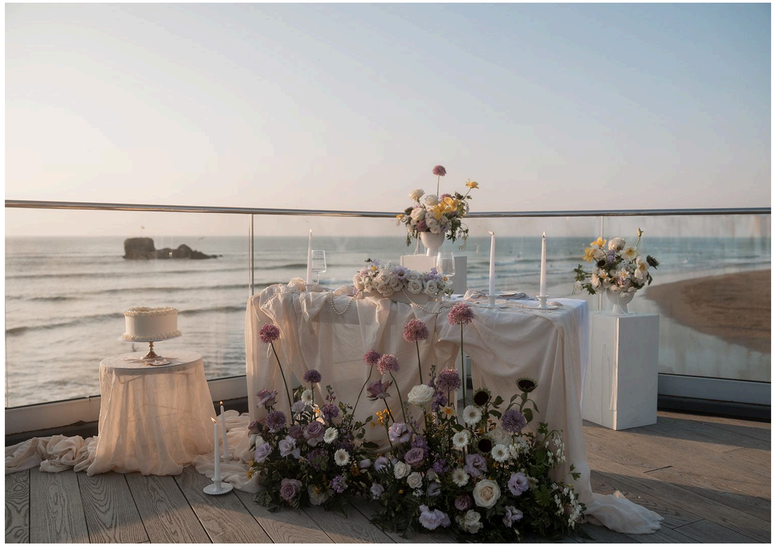

Alcatraz

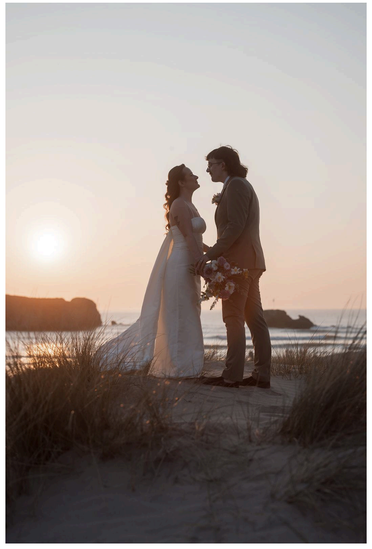

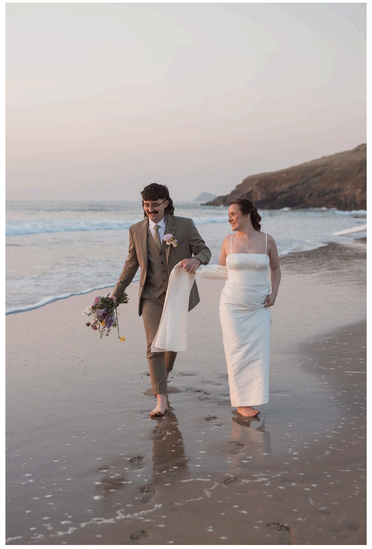

For couples seeking a space that breaks completely out of the ordinary, Alcatraz brings history, intimacy, and unmatched sunset energy to your reception.

Perched dramatically on the cliff face, this former WWII gun shelter has been reborn as a chic, minimalist beach venue boasting an incredible split-level rooftop terrace.

Perfect for smaller micro-weddings and cocktail-style receptions, Alcatraz lets you celebrate high above the tideline, treating your closest inner circle to high-end mixology, ambient acoustic beats, and unobstructed, front-row views of Perranporth's legendary golden hour.

The Nest

An elevated rooftop lounge floating directly over the sand, designed for late- night stargazing, live music, and dancing barefoot above the waves.

OUR VENUES

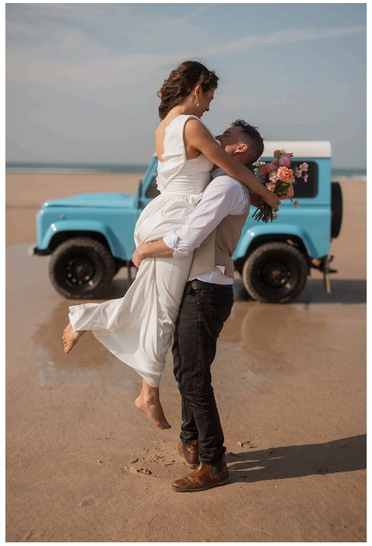

The Nest

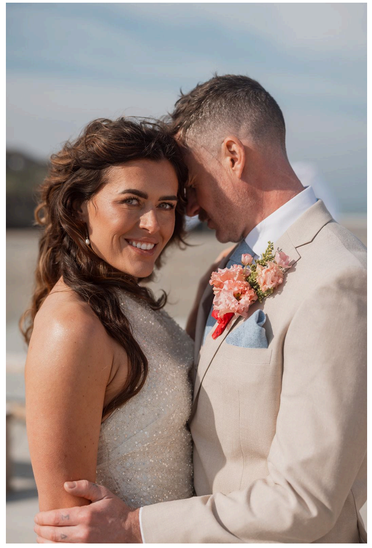

Sitting high above the iconic Watering Hole, The Nest offers a truly unique, elevated setting for an unforgettable wedding day.

Say your vows surrounded by breathtaking 360-degree views of Perranporth Beach, dine with the golden sands stretched out beneath you, and celebrate as the sun dips into the Atlantic.

Step outside to soak in the incredible panoramic views, raise a glass in the sea breeze, and capture one-of-a-kind photographs from a vantage point unlike anywhere else on the coast.
